

CRYPTO FOR CONGRESS

Crypto For Congress Education Session

Campaigns that embrace cryptocurrency and blockchain technology have the opportunity to connect with key demographics, spur political engagement, and reach an untapped source of contributions. Please join us for a virtual briefing for federal campaigns to learn how to leverage this technology to gain a leading edge.

In these sessions you will learn:

- [September 23, 2020 - 12:00 pm ET](#)
- [September 25, 2020 - 3:00 pm ET](#)
- [September 30, 2020 - 12:00 pm ET](#)

In these sessions you will learn:

- How blockchain and cryptocurrency technology can benefit your campaign.
- How embracing this technology can help reach new voters and raise funds, and increase participation in the political process.
- How to accept cryptocurrency contributions.

Featured Speakers

Perianne Boring

Founder & President

Chamber of Digital Commerce

Daniel Escobar

Director of Engineering Services

BitPay

We look forward to seeing you there, and if you have any questions feel free to [contact us!](#)

*About Crypto for Congress: Crypto for Congress is a bipartisan educational initiative of the Chamber of Digital Commerce that is providing Congressional candidates with a hands-on experience with blockchain technology. The purpose of Crypto for Congress is to raise awareness and expand access to blockchain technology and demonstrate how campaigns can engage new donors by offering an expanded new form of participation in the political process.
This program is open to all federal campaigns, staff, and volunteers*
